DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Cameron Beddard on May 9, 2007.

The application has been amended as follows:

****additions are underlined and omissions are bracketed****

1. (Currently Amended) A method for selectively shadowing only accesses to external storage media connected to a computer, the method comprising: detecting a data access to an external storage medium; and writing a copy of the accessed data to a storage location other than the external storage medium, the storage location is a protected storage location [without storing any intermediate copies or fragments thereof on the external storage medium]; wherein the detecting step comprises intercepting an I/O request from the computer to an external storage media drive in which the external storage media is inserted.

Cancel claim 10

18. (Currently Amended) A computer readable storage medium on which is embedded computer software, the software performing a method, the method comprising: detecting a data access to an external storage medium; and writing a copy of the accessed data to a storage location other than the external storage medium, the storage location is a protected storage location [without storing any intermediate copies or fragments thereof on the external storage medium]; wherein the detecting step comprises intercepting an I/O request from the computer to an external storage media drive in which the external storage media is inserted.

22. (Currently Amended) An apparatus for selectively shadowing only accesses to external storage media connected to a computer, the apparatus comprising: a detector that intercepts I/O requests from the computer to an external storage media drive in which the external storage media is inserted; and a storage location, that is a protected storage location, other than the external storage medium, connected to the detector, in which a copy of the accessed data is written [without storing any intermediate copies or fragments thereof on the external storage media].

Allowable Subject Matter

2. Claims 1-3,5-9,11-19,21-29, and 31-33 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As per independent claims 1,18, and 22, it was not found to be taught in the prior art of writing a copy of the accessed data to a storage location other than the external storage medium, the storage location is a protected storage location wherein the detecting step comprises intercepting an I/O request from the computer to an external storage media drive in which the external storage media is inserted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher A. Revak whose telephone number is 571-272-3794. The examiner can normally be reached on Monday-Friday, 6:30am-3:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ayaz Sheikh can be reached on 571-272-3795. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
